

Destination val d'Ardenne

GIVET - FUMAY - REVIN

Tourist guide: discovery and itinerancy

The French Ardennes, an integral part of the Ardennes massif which crosses three countries (Belgium, France, Luxembourg), is a natural territory. Perfect for resting, travelling and exploring.

The region is crossed by the Meuse river, where many areas have been developed for cycling, walking or roaming.

The Val d'Ardenne is made up of 19 communes, attached to the Ardenne Rives de Meuse community of communes. It is located on the Belgian border, in the very north of the Ardennes department. Staying in the Val d'Ardenne means getting closer to nature, but not only! You will have the opportunity to enjoy the splendid landscapes of the region, the meandering river and a rich historical, cultural and gastronomic heritage.

Between history and nature, come and discover the town of Givet, renowned for its impregnable citadel but also for its breathtaking natural landscapes.

Maps

An aerial photograph of a village in the Ardennes Valley, showing a dense cluster of houses with grey roofs and a church spire. A large green rectangular box is overlaid on the left side of the image, containing text. In the top right corner, there is a decorative graphic of a stylized flower or leaf pattern in white and light green.

Our essentials

The Ardennes Valley is a destination rich in history and culture. Famous for its slate, the region has a rich heritage. A strategic point with its location and its border with Belgium, the region has experienced many torments, particularly during the great world conflicts. The town of Givet was already in the 3rd century an essential place for the defence of the French Kingdom from Germanic invasions.

There are many legends in the Ardennes valley, including the legend of the Nutons, small creatures that can be found in the Nichet cave. Come and discover this historic region full of legends and traditions.

Charlemont

Since 1555 Charlemont has occupied a strategic position in the heart of Europe. Built by Charles V, the fortress was never taken. Today, it is the tourist who climbs up to the citadel, which is an essential witness of history.

Several activities are proposed to you: free or guided visit, visit for the children with the Baludik application, Laser game, accrocommando, scooters,...

Many events also take place throughout the season. Don't miss to have a look at their agenda.

The Nichet cave

The Nichet cave located in Fromelennes offers its visitors an unusual and mysterious discovery at a depth of 35 metres!

This cave has about twenty rooms. From the nuton room to the skeleton room, via the chasm room and the Lovers' room, you will enter a magical world. Your visit, as unusual as it is enigmatic, will help you discover our Ardennes legends, especially that of the nutons, who haunt the walls of this cave!

Terraltitude Park

If you are looking for thrilling activities in our region, the Terraltitude park, located in Fumay, will be able to offer you something for everyone! In the heart of the Ardennes Regional Nature Park, this place full of adventure awaits you.

Paintball, 15 tree climbing courses, an adventurer's tower, a catapult and inflatable structures offer sensations for all ages.

But will you dare to go down the fantasticable, a zip line measuring more than a kilometre long, stretched over the Meuse, on which you will descend flat on your stomach at more than 100km/h?

Our atypical places

The Ardennes valley is full of atypical tourist sites, also called «small heritage». These sites are worth a look because they often offer a view of the history of a region through their life, their architecture, or sometimes even a detail.

Here is a small selection.

The medieval village of Hierges

A charming place, take a walk along the main paved street with its blue stone houses and slate roofs. Don't forget the alleyway leading up to the church of St Jean-Baptiste and, above all, the remains of the castle which seem to watch over the village.

The collegiate church of Vireux Molhain

Its origins date back to the 8th century, when it was founded by Dame Ada, and legend has it that Pepin the Short was buried there. The collegiate church also houses a superb pre-Romanesque crypt which is a magnificent example of Carolingian architecture.

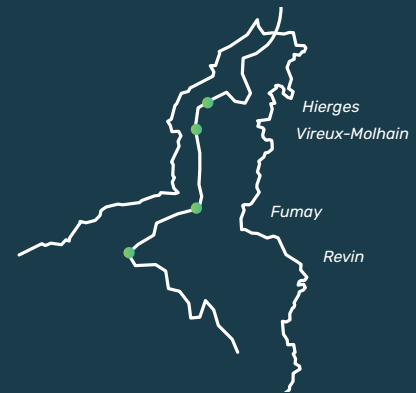

The church of St Georges de Fumay

How tiny one feels in front of this church of Saint-Georges... Dimensions: 62 m long, 20 m wide and 70 m high. Built from 1872 to 1876 on the site of the old church which already existed in 1439. It has 1200 seats. The building is entirely built of ashlar from Dom-le-Mesnil (Ardennes) and its polygonal spire, flanked by 4 bells, is made of Jaumont stone.

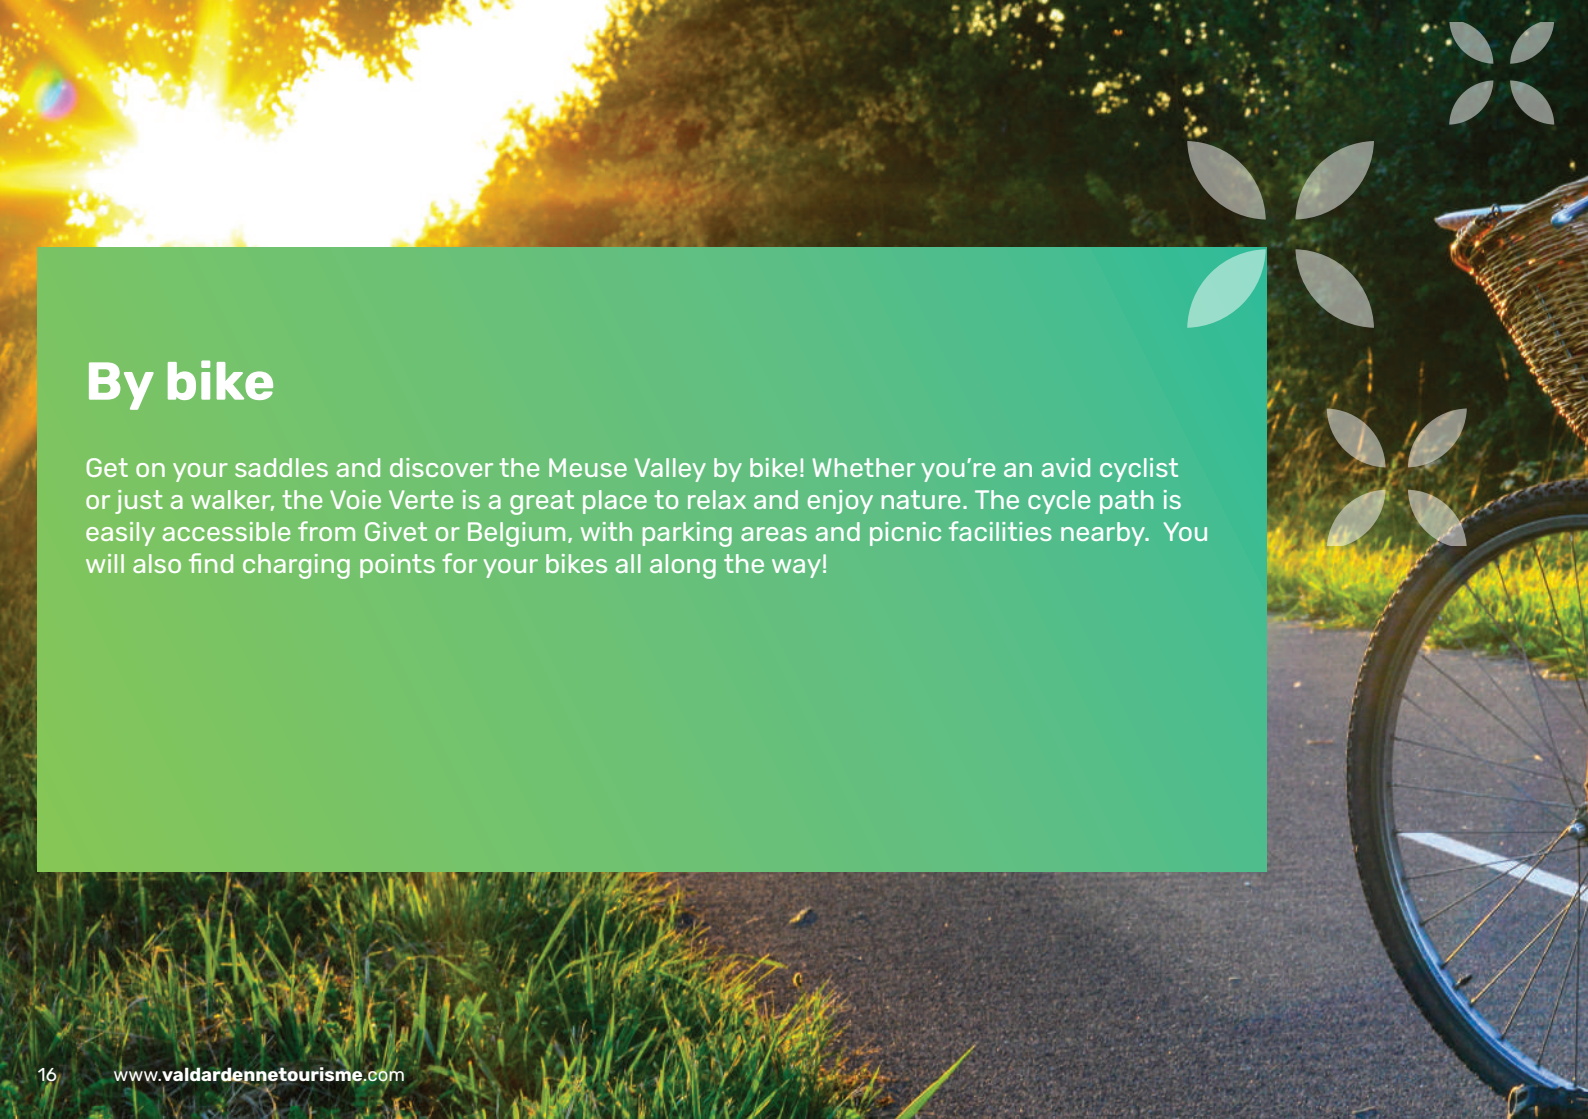

The Rocheteau Park in Revin

The history of the park is closely linked to that of the Faure family, who once owned it. Today, the Rocheteau Park offers you a real haven of peace and a feast for the eyes: a walking area, a playground for children, a tennis court and even a mini-golf course.

By bike

Get on your saddles and discover the Meuse Valley by bike! Whether you're an avid cyclist or just a walker, the Voie Verte is a great place to relax and enjoy nature. The cycle path is easily accessible from Givet or Belgium, with parking areas and picnic facilities nearby. You will also find charging points for your bikes all along the way!

Restaurant and gastronomy

Ardennes cuisine reflects the image of the Ardennes: rich, varied and generous. Its specialities will not leave you indifferent. What could be better than a bacon salad or a bare-assed cacasse to invigorate yourself after a long walk in the countryside? Not to mention the «tarte à suc'» which can be enjoyed on any occasion.

These restaurants will definitely brighten up your taste buds! Which one will you choose?
